"Town and Country" Feature April 11, 12

A big weekend of shopping feature is planned by Drayton Valley business places on Friday and Saturday, April 11th and 12th.

"Town and Country Daze" will be a co-operative venture by local merchants to provide an outstanding weekend of shopping values.

The town-wide sale is being held in conjunction with an 'open house' at Big Country Machinery, Drayton Valley Massey-Ferguson dealers. The open house will feature a number of displays from the Sportex in Edmonton.

Lucky tickets will be available at all co-operating business places and on Saturday a draw will be made with the winner receiving a Massey-Ferguson riding lawn mower.

Seek Division of Recreation Region

The possibility of Drayton Valley entering the Regional Recreation and Parks organization of the County of Parkland was explored at a meeting in Drayton Valley on Thursday, March 18th.

Representatives of the Regional Council and the Town of Drayton Valley were present for the meeting as well as several residents of the Tomahawk area.

No definite commitments resulted from the meeting but it was realized by both groups that a need existed to have each become more familiar with the undertakings of the other. For this purpose an exchange of representatives is planned for meetings of the Regional Council and the Drayton Valley Recreation Board.

General feeling of Drayton Valley representatives appeared to be a degree of interest in joining the Regional Council but a reluctance to give up control of recreation facilities in the town. The Drayton Valley contingent expressed a desire to serve the surrounding area but wanted control and supervision to come from the local director.

The Drayton Valley suggestion is to have the region divided east and west with Mr. Moore as eastern director and Mr. Mike Gormley serving in the same capacity in the west. The Drayton Valley suggestion envisages both responsible to the present Regional Board augmented by a member from the town.

Regional Board members suggested that the town would not lose control of facilities by joining under the present organization. Town representatives, however, feel that if the program in the area around Drayton Valley was controlled from out-of-town, conflicts in scheduling could possibly occur.

Also pointed out was the fact that the town encourages use of its facilities by people in the trading area of the town and who reside out of Parkland County. Scheduling their activities could be handled from the town it was felt, but would be rather difficult from much further away without conflicting with the Parkland area and town programs.

Although nothing concrete was achieved by the meeting, it ended on a note of hopefulness that further meetings might arrive at a solution.

Outdoors Films At Breton Friday

Area residents are reminded of the outdoors film to be shown by the Breton Fish and Game Association at 8:00 p.m. on Friday, March 28th in the Breton Community Hall.

Feature films to be shown are "Land of the Canada Goose" and Fishing in Alberta". Land of the Canada Goose was filmed in the Beaverhill Lake and Coronation areas.

In earlier times the mail was delivered only once a year in the Arctic. Today, mail delivery takes place once a week in most of the Yukon and Northwest Territories.

The Drayton Valley Community Choir will present an Easter Cantata at several locations during the Easter season. This year the choir is singing "Hail Glorious King" by John Peterson.

The Cantata will be presented as follows: Sunday, March 30th, 7:00 p.m., Church of God; Wednesday, April 2nd, 7:30 p.m., St. Anthony's and Lutheran combined at Lutheran Church; Easter Sunday, April 6th, 11:00 a.m., United Church; Sunday, April 13th, 7:30 p.m., Jasper Park Baptist Church; and Sunday, April 20th, 7:30 p.m., All Saints Anglican Church, Drayton Valley.

Rotary Club Holds Bonspiel

Members of the Drayton Valley Rotary Club, their wives and guests, enjoyed the club's annual curlfest at the local rink Sunday afternoon.

Don Howarth skipped his rink to victory in this classic event. For many of the others it was a victory over aches and pains just to hang in there for two games.

The day wound-up with a delicious supper served by Mrs. Bohdan Urchyshyn.

Over 2,000 Attend Annual Ice Carnival

The 14th Annual Ice Carnival held in the Drayton Valley Centennial Arena Saturday again proved an outstanding success.

The big winter show gains in popularity each year and Saturday's event attracted an attendance of 2,065 for the two performances. The matinee was attended by 871 people and 1,194 crowded the arena for the evening performance.

Based on a "Holiday Capers" theme, the audience was carried by colorful ice fantasy from New Year's Day through all the holiday seasons of the year with the New Year's Ball as the finale.

Colorful costumes and lighting enhanced tremendous performances by members of the Drayton Valley Figure Skating Club and guest appearances by members of the Gateway Skating Club of Edmonton.

Over two hundred members of the Drayton Valley club took part in the show that won many complimentary comments and enthusiastic audience approval.

A feature of the evening was the crowning of Miss Joyce Rendflesh as Carnival Queen by Miss Carol McGaughy, queen of last winter's carnival.

The three queen contestants were Miss Rendflesh, Miss Brenda Ashmead and Miss Madeleine Fontaine. They were sponsored by the high school, producing companies and service and supply companies respectively.

The show was opened by a color party of Scouts and an address of welcome by Mayor Dr. Henry Shimbashi. Master of Ceremonies was Mr. Ritchie Woods.

At the end of the program members of the executive of the club and assistant instructors were called out to receive the thanks of the club. A special presentation was made to Mrs. Gwen Simpson, President of the Figure Skating Club, for her untiring effort on behalf of the club.

Held every winter as a culmination of the figure skating season, the carnival is presented annually by the Drayton Valley Figure Skating Club and sponsored by the Rotary Club with proceeds going to the Figure Skating Club and maintenance of the Scout Hall.

AIR COUNTY BUSINESS AT MEETING SATURDAY

Annual meeting of ratepayers of the County of Parkland was held last Saturday in the Stony Plain Community Hall with about 70 persons present. Attendance varied from time to time during the meeting that started at 10:00 a.m. and ended after 4:00 p.m.

The meeting started with school business with Mr. Henry Schoepp as chairman and Mr. Otto Schuster as secretary.

Minutes of the last meeting and the Municipal Inspector's Report were read and accepted. The auditor's statement was also read and accepted. The statement was read, page by page, and questions answered on points raised during the reading.

Reeve Rudolph Zander noted during the meeting that representation has been made by the Union of Rural Alberta Municipalities to the Provincial Government for a simplified form of annual statement that would give a clear picture of a municipality's business in a more readable form.

Reports were heard from the police department, Agricultural Service Board and Reeve Zander.

Agricultural Fieldman William Moelhoff, reporting for the A.S.B., noted that a total of 20,228 pounds of forage seed was distributed at half cost to district farmers. A total of 27 miles of new backsloped roads was also seeded to grass.

Seventy-seven miles of roadside (both sides) were sprayed for brush and weed control at a cost of $23.60 per mile.

Mr. Moelhoff noted that 2,119 calves had been vaccinated last year for brucellosis control. He also mentioned pest control, tree planting and clean seed.

The Agricultural Service Board now provides services to farmers, including: farming publications, tree application forms, soil sample kits, soil probes, pest control poisons, sprayer calibrations, squeeze chutes, portable weight scale, gopher getter and tree planter.

Reeve Rudolph Zander in his report noted that weather conditions last summer had a detrimental effect on the road program. Most of the work was done during the early part of the year when it was very dry.

Despite the weather conditions the municipality was able to regrade to a better standard 18 miles of roadway. This consisted of nine and a quarter miles of local roads; eight and three-quarter miles of district highways; and one half mile of new road.

Two hundred and seventeen miles of road was regravelled using 74,945 cubic yards of gravel.

NEW HIGH SCHOOL PROPOSED FOR DRAYTON VALLEY

Educational matters in the County of Parkland were discussed at considerable length at annual meeting of ratepayers held in the Stony Plain Community Hall on Saturday, March 22nd.

The County Act calls for the use of at least one hour at the start of the annual meeting for a discussion of school affairs. Three hours were devoted to education at Saturday's meeting.

Mr. Henry Scheopp was elected chairman of the meeting and Mr. Otto Schuster, secretary. The auditor's statement was read and accepted after satisfactory answers were received to a number of questions from the floor.

The subject of teacher's salaries was introduced and clarified by Councillor R.A. Bailey, a member of the salary negotiating committee.

Mr. Bailey noted that the original request from the teachers' committee was for an increase in excess of twenty percent. He said he felt the committees were now getting close to settlement somewhere in the area of a four to six percent increase.

He noted further that negotiations for the 1969-70 term would likely be by a number of counties organized to bargain with the A.T.A. on a group basis.

Average salary now paid in the county is $7,690; maximum is $13,600 and minimum $4,000.

The Edson-Stony Plain Regional High School at Evansburg is questioned during the report of Superintendent Henry Toews. Mr. Toews outlined events surrounding the school proposal and its present status in replying to a number of questions.

The regional board, he said, consisted of two members from Edson School Division and two from the former Stony Plain School Division (since replaced by two members from Parkland County) who had purchased the site and applied for borrowing of about one million dollars.

A plebiscite was asked for by residents from the Edson Division opposed to the school and was followed by a court action which brought the recommendation of another plebiscite. The plebiscite will be held but depends on revision to the School Act which is expected during the current sitting of the Legislative Assembly.

The school at Evansburg, if it is built, is expected to replace four smaller high schools with an enrolment of about 400 students.

County school officials are still awaiting results of a survey by the Department of Education into education requirements in the Drayton Valley area.

Mr. Toews was optimistic about the possibility of a new vocational high school here as a result of the survey. A similar survey was completed in Leduc County recently and a recommendation made that some pupils from the western end of the county be bused into Drayton Valley facilities.

It was felt that with the addition of students from Leduc County the necessary enrolment of 400 students required for a vocational high school could be achieved in the area. The School Committee is going ahead with plans for the proposed high school and will meet with representatives of Leduc County with a view to having a request in to the Department of Education by June of this year.

Mr. Toews report shows 4,494 students now enrolled in County School. Stony Plain enrolment increased by 109 last September and Drayton Valley 52.

Heaviest enrolment of high school students is in Stony Plain Memorial High with Drayton Valley leading others in the elementary and junior grades.

Members of the Preliminary and Primary Group are shown here ready to present their Easter Parade and Peter Cottontail numbers in Saturday's Ice Carnival in Drayton Valley

Ratepayers' Meeting

This year also marked the beginning of construction of the road to the new Calgary Power Plant in the Sundance area on the south shore of Wabamun Lake. The amount of Provincial Natural Resources Grant received on this project was $42,500 and the Municipality contributed $23,876.80. Of this amount $20,000 was received very late in the construction season. The total amount expended on this project was $66,376.80, including land required for road widening, all pole moves, crop damages, etc.

The Capital Road Grant received from the Provincial Government was $62,386 and the Municipal contribution toward this grant was $20,795 making a total grant of $83,181.

A grant of $50,000 that was received from the Provincial Government was spent by the Department of Highways on the road south of Carvel leading to the Genessee Bridge and another Contingency Grant of $9,000 was spent by the Department of Highways for the resurfacing of the Seba Beach, Tomahawk road.

Report of the Regional Recreation and Parks Council was given by Councillor Les Miller and a number of questions answered, these coming mainly from residents of the western end of the county.

The matter of moving the annual meeting to a more central location in the county was introduced and received the endorsation of councillors and ratepayers present. It was decided to hold next year's meeting in Drayton Valley with the locale of the succeeding meeting to be decided at that time.

WEEKLY VIEWPOINT

A series of brief meditations for the readers of The Western Review prepared by the clergy of the Drayton Valley Ministerial Association.

The Broad Way and the Narrow

BY REV. ZEKE MARTIN

This Man among men - Jesus - challenged, dared, made life stern, demanding and awesome. He would have no headlong followers, no impulsive converts. It was not that He did not want disciples, but rather that He wanted dependable, expendable disciples.

In the Church today we are so pathetically anxious about numbers. Can he draw a crowd? is almost the first question pulpit committees ask, and, can he fill the collection plate is commonly enough the second question. Now Jesus was anxious not about quantity but about quality for did He not tell us that the big battalions would never be found assembling before the strait gate or crowding on to the narrow way. "Few there be that find it" is what He said.

It is a very easy matter today to become a member of the Company of Christ. Indicate the slightest desire in that direction and a minister or, someone else is on your doorstep and at your service arranging for a friendly reception. But in the Galilean days it was a terrible thing - yes, a terrible thing - to be a member of the Company of Christ. It meant 'the strait gate, the narrow way, the denial of self, the shouldering of a Cross'. "Are you able" said Christ to the handful of men round about Him - for the crowds had gone - "to drink the cup that I drink of?" Are we able?

Consider one other matter. How compelling Jesus was in His moral standards? We are to love our enemies, to bless them that curse us, to do good to them that hate us, and to pray for those who despitefully use and persecute us. Most people forget, if they have ever known, that it is the inwardness of the Ethic of Jesus that is really the exacting thing about it. Other moral teachers condem the sinful act but Jesus goes deeper and condems the motive that prompts the act. The commandments, he says, are broken in thought before the sinner proceeds to the act, and thus the sin remains even if no offence is committed. So! He rebukes acquisitiveness rather than wealth and gets the poor man as well as the rich. He rebukes hatred rather than war and gets the pacifist as well as the non-pacifist. He rebukes lust rather than adultry and gets the respectable 'christian' as well as the woman on the streets. "Wherefore, if thy right eye offend thee, out with it; if thy right hand offend thee off with it. It is profitable for thee that one of thy members should perish and not that thy whole body be cast into hell".

Some people reject Christ because they cannot understand Him, but others reject Him because they understand Him only too well. They - the latter - know His demands are compelling and exacting, that they involve a cleaning up of the inner life, the substitution of self-denial for self-interest, the subordination of the material for the spiritual, and they are not prepared to toe the line or to pay the price. They prefer the wide to the narrow gate and the broad way to the narrow way. However, one thing is certain; if our religion is so pliable and elastic, no self-denial to preserve, no efforts to advance, no struggle to maintain, holy and undefiled, whatever else it is, it is not the religion of Him who said, "Enter ye in at the strait gate; because strait is the gate and narrow the way which leads unto life, few there be that find it".

On March 15th a crowd of some seventy-five people gathered at the Park Court Hall to honor Mr. and Mrs. Edward Greenwood on the occasion of their silver wedding anniversary.

TOMAHAWK NEWS

MRS. FINLEY SHAW
Correspondent

Minor Hockey Night in Drayton Valley, (held on Friday, March 14th), was a grand success, as far as the Community of Tomahawk was concerned. Not only did our people turn out in full force, but the enthusiasm and interest shown to the boys was really outstanding. A huge banner which read, "Tomahawk Supports Their Youth", was proudly displayed. Incidently, this was the only banner in the whole arena. Is it any wonder that we are proud to belong to such a fine community? Mrs. Smith of Tomahawk was the winner of the lucky program prize.

Mrs. Gordon Andrews of Fort St. John, B.C., was a recent visitor at the home of Mr. and Mrs. James Shaw of Tomahawk.

The date for the Tomahawk hockey banquet has been set for Saturday, April 12th.

The Rockets were defeated in their semi-finals by the Drayton Valley Lions, who now move into the finals against the Seals. However, we are proud of our Pee-Wee team in its first year, and wish them all kinds of success in the future.

The Totems remained idle this week as they are waiting for the Elks and L.B. Motors to play off their semi-finals.

Town Visitors

Mr. and Mrs. Hamdon Hamdon have as their guests Mr. Hamdon's parents, Mr. and Mrs. Mohamed Hamdon of Beiruit, Lebannon.

Mr. and Mrs. Hamdon plan to spend several months visiting here. It is their first visit to Canada.

Now retired, Mr. Hamdon was formerly a fruit farmer and merchant in Lebannon.

CORRECTION

Our apologies to Pemfield Service of Lodgepole who presented the trophies for the Grande Challenge event in the Annual Lodgepole Men's 'Spiel. It was incorrectly reported in last week's Western Review as "Pembina trophies".

The copy as received from our Lodgepole correspondent listed correct name. This newspaper is responsible for the error.

Hog Grading Explained At Meeting at Entwistle

On the afternoon of Thursday, March 6th, the halves of the six pigs which were judged at the Alberta Livestock Co-operative buying station in Entwistle on March 3rd, were brought back by Mr. Ken Phanmuller and hung on display in the Entwistle Hall. The score cards from Monday were returned to their respective owners by Mr. Darryl Carlson, assistant to Earl Lowe, the D.A. from Stony Plain.

Earl Lowe opened the meeting and called on Mr. L. Berg, who is the head grader for the Livestock Division of the Federal Department of Agriculture, to speak to the gathering. Mr. Berg explained his work, which is having the responsibility of grading pigs, cattle and lambs, managing the three public stockyards and handling the improvement policy in the different sectors of the livestock industry. The best known portion of the improvement policy is the record of production of pigs. Mr. Berg explained how the producers advocated this change in the grading policy, which was finally adopted by the government.

Another grader, Mr. Brian Carpenter, outlined the mechanics of grading, showing exactly where he measured the fat on a pig, in two places separately. These measurements established the index of the pig. Mr. Carpenter also explained what the letters on a shipping statement mean.

Ken Phanmuller sold the half pigs according to their index. As there were more bidders than pigs, the winning names were drawn from a hat. The successful bidders were as follows: first, Mr. L. Williams of Magnolia; second, Luke Gerrard of Wildwood; third, Mr. John Waddell Sr. of Magnolia; fourth, Nick Bura of Evansburg; fifth, Kurt Fausak of Evansburg, and sixth, Bud Tufty of Entwistle.

How Does Your Garden Grow?

By Green Thumbs

By this time, I hope that most of you who read last week's column, will have given some thought as to where you're going to plant flowers. I will attempt to give you a list of the more popular varieties, and the locations they prefer.

Firstly I will deal with the areas of shade, as these areas always seem to be a problem until you find out, sometimes by trial and error, what grows successfully in these locations. Tuberous Begonias are most successful when planted in the shade, in fact it is almost impossible to grow them anywhere else, although there are some varieties that can take a certain amount of sun, but the more popular species of the tuberous family are much happier where they will not get blistered and scorched.

Viola, Pansies, Fuschias, Petunias and Forget-me-nots all will do well in shadly areas. For an edging or border, try dwarf Lobelia, Nemophila (Baby Blue Eyes) or California Blue Bells.

When you get to the locations which get quite a lot of sun and shade, plant: Nemsia, Sweet William (Annual or Biennial), Pansies, Bachelor Buttons, Nasturtiums, Zinnias, Snap Dragons, Petunias, Phlox (Annual Twinkle) Stocks, Geraniums, Balsam, Carnations, Candytuft, Daisies, Calendulas, Gladioli, Cosmos, Marigolds (African or French), Dahlias, for a quick hedge or just for greenery try Kochia (Burning Bush).

Along the edge of the border, Allisum, Lobelia, California Blue Bell or Baby Blue Eyes are all very pleasing to the eye.

Flowers that prefer a sunny location, (which means sun for a greater portion of the day) include Godetia, Asters, Clarkia, Geraniums, Salvia, Hollyhocks, although all the flowers mentioned in the previous group of (sunny location with partial shade) will do well also. The final location which is also a problem is the spot in your garden or close to the house that gets intense heat during a portion of the day, and is very dry most of the time, unless you are watering daily.

Portulaca is an old stand-by and comes in a variety of colors and will endure more heat than any other flower, it is quite a low plant and should be planted at the front, it will spread out to cover an area from 10" to 12" radius, so room should be allowed for this when planting. Hollyhocks can be grown in relatively dry ground, and being quite tall should be planted at the back or against a wall or fence.

Salvia and most varieties of Geranium, also can endure quite a lot of heat, although will do much better if watered occasionally, and are of medium height, so they should fit in nicely behind the Portulaca and in front of the Hollyhocks.

Now that I have covered the varieties and locations, I would like to mention two kinds of flowers that have been gaining popularity in the last year or two. Dusty Miller (Centaurea) is a very pleasing Accent Plant, as its Silvery Light Grey Foliage is a wonderful contrast to any border or area, and is very similar in bloom to Nemsia, but with a much more "feathery" leaf, and may be grown in sunny or partial shade areas.

You will notice that I have not mentioned Roses at all in this list, but I will be dealing with "Just Roses" separately later on.

Send enquiries or ideas to: Green Thumbs, Box 120, Drayton Valley.

EVANSBURG

Well, spring is still with us but that doesn't mean that the flue bugs are gone for another year. Just on account of picking up one of these little fellows, I didn't get to see the plays, skit and varied entertainment put on by the drama classes at the high school last week. These plays were put on mostly by the Grade eight and seven classes with the Grade Nine class doing a few numbers. From all reports, it was well worth seeing.

The 4-H members held their regular meeting last week. They decided this year, that if it is possible, to hire a bus to go on a tour of some of the interesting places in the city. The date of the next meeting has not been fixed as yet as clashes in dates are ocurring with FUA and Agricultural activities. Several of the members from both clubs went to Edmonton to the Regional Curling Bonspiel and Bowling contests. If sore muscles constitutes a good day, then many members came back very happy and tired.

The firemens' ball also was a very well attended event this year. A record crowd turned out to enjoy the fun.

The Sociology classes sponsored by the FUA have been called off for this season due to lack of response by those who might be interested.

The gymkhana club held its regular meeting a week late, but made up for this by making many plans for the coming gymkhana season. I believe they are planning a big dinner dance in the near future. More about this event when I get more facts.

We wish to express our sympathy to Mr. and Mrs. John Triet on the recent death of Mrs. Triet's father, Mr. J. Lutz of Edmonton.

Happy Hour Bible classes have begun and Mrs. DeJong who is in charge informs me that there has been a change in the time. This Happy Hour will be held from 3:30 until 4:30 instead of from 4:00 to 5:00. Mrs. DeJong also wishes to extend an invitation to the Grades one, two and three students as well as the present grades four, five and six students who are attending.
